

El Colour Brand Kit

Blue-magenta neon orbital identity system

A production-ready colour system based on the existing El luminous monogram. The kit preserves the logo's cosmic black foundation, electric blue energy strokes, violet depth, and magenta glow.

Core gradient: Electric Cobalt → Ion Violet → Neon Magenta

Core Palette

Electric Cobalt

#1336E7

Primary energy stroke

Orbit Blue

#0B0E96

Deep blue support

Deep Nebula

#070454

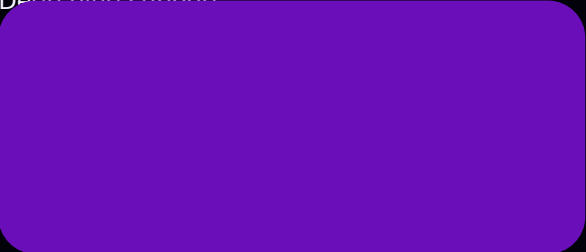

Midnight gradient depth

Stellar Lilac

#CBB9FB

Highlight / glow tint

Ion Violet

#690EB9

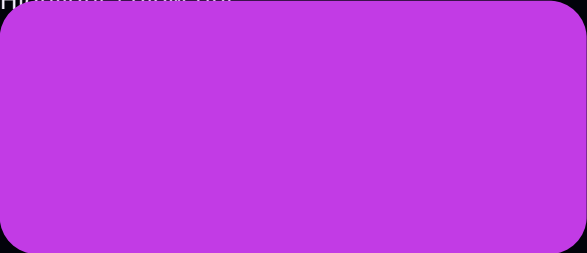

Secondary accent

Void Plum

#45045D

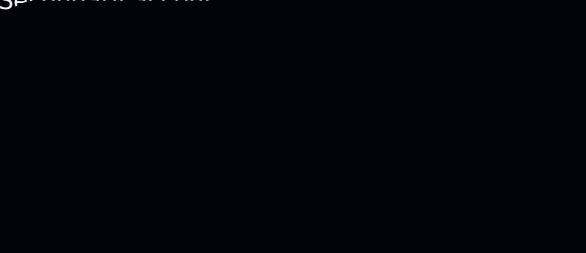

Dark purple support

Neon Magenta

#C23BE5

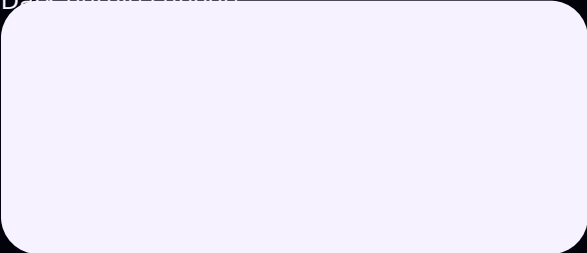

Signature accent

Cosmic Black

#02030A

Core background

Photon White

#F7F2FF

Text / contrast

Usage Rules

Foundation Use Cosmic Black for premium depth. Avoid pure white backgrounds unless the mark is adapted for light-mode use.

Signature Energy Use Electric Cobalt and Neon Magenta together for recognition. Keep both accents present in hero moments.

Hierarchy Use Photon White for primary text, Stellar Lilac for quiet labels, and violet/plum tones for panels or depth.

Gradients Preferred signature gradient: #1336E7 → #690EB9 → #C23BE5. Use sparingly for buttons, strokes, and hero accents.

Accessibility Pair Photon White on Cosmic Black for strongest readability. Avoid small text in Neon Magenta on black.

Digital Tokens

 --ei-electric-cobalt: #1336E7;

 --ei-orbit-blue: #0B0E96;

 --ei-deep-nebula: #070454;

 --ei-stellar-lilac: #CBB9FB;

 --ei-ion-violet: #690EB9;

 --ei-void-plum: #45045D;

 --ei-neon-magenta: #C23BE5;

--ei-cosmic-black: #02030A;

 --ei-photon-white: #F7F2FF;

Recommended gradients

Signature Orbit: linear-gradient(135deg, #1336E7 0%, #690EB9 48%, #C23BE5 100%)

Deep Space Glow: radial-gradient(circle at 25% 35%, #1336E7 0%, #070454 36%, #02030A 72%)
